Deploy Creatio applications quickly and reduce project risk with proven delivery.

Agentic Automation

Streamline processes and boost productivity by embedding AI agents into workflows.

Data & Insights

Unlock a 360° view of customers and enhance decisions with real-time analytics.

Adoption & Support

Drive user engagement and maximize ROI with intuitive, AI-native experiences.

Drive revenue growth.
Enhance productivity.
Elevate experience.

If your CRM feels more like a burden than a business driver, you're not alone. Data is scattered across systems, your team is struggling with complex workflows, and too much time is spent on manual work instead of building customer relationships. Over time, that slows your growth and makes it harder to see a real return on your investment..

Here's where we come in:

As your CRM implementation partner, Bits In Glass helps you put the AI-native Creatio CRM platform to work for your business, combining no-code flexibility and AI automation to deliver measurable ROI.
